The Rebels' Candidate

If the "democracy" party is the unalterable friend of the Union and the [illegible] enemy of the rebellion it is [illegible] on any principle of human nature heretofore known, to account for the amicable feeling on the part of the rebels toward McClellan and his supporters. From what we know of the character of the men who have been for four years imbruing their hands in the blood of their countrymen, it would be difficult to convince us that they have suddenly been endowed with such a forgiving spirit as to be prepare to obey the charitable injunction about loving their enemies. Men universally feel an attachment only for their friends. Friends have an interest in each other's success. Hence we understand why the rebels are watching with such intense anxiety for the election of McClellan. For a like reason we see why the "democracy" manifests a poorly dissembled feeling of exultation on the occurrence of rebel victories, and why "democrats" so often interpose between the Government and the miscreants who are striving to destroy it, with the evident endeavor to save their "Southern brethren" from being reduced to extremities, and from the punishment that awaits their crimes.

It would, perhaps, be impossible to find a single traitor in arms who does not ardently desire the triumph of the Democratic party and the election of McClellan. There is reason for this preference and it can be accounted for on no other hypothesis than by the supposition on the part of the rebels, that the elevation of McClellan to the Presidency will be the signal for the invasion, so called, of their territory to cease, and that with this weak, timid and traitorly man at the head of the government, they will be permitted to negotiate for their independence; knowing well that if they can only obtain a parley and procure their propositions for perpetual separation to be listened to their final success is certain. So deeply interested are the rebels in the result of our coming election that they are now, as the telegraph informs us, dispersing themselves throughout various parts of the border or doubtful States, avowedly for the purpose of turning the election in favor of McClellan.

Forrest, the rebel guerrilla and cowardly butcher of defenceless prisoners, declared to the people of Kentucky but a few days since, that he was coming to free their State and make the citizens vote right at the election. Price is now in Missouri, having gone there with his army almost expressly to outvote the loyal people of that State, and it is safe to assume that all his tatterdemalions, whether from Missouri, Arkansas or Texas, will cast their votes with the "Democracy." If that anomaly in politics, calling himself a "Union Democrat," yet exists anywhere, and is still determined to support McClellan, he can procure, on inquiry at Price's headquarters, an introduction to the sort of company with which he will vote and affiliate at the election. It is true he will [illegible] but this is a very small matter. He had [illegible] as well carry a musket against his country as to vote against it. To justify themselves for joining him in to their ranks the rebels will declare that they are too obtuse to perceive why a man who is willing to vote with them ought to render them other material aid.

Were the rebels fully persuaded that the "Democratic" party is as zealously devoted to the Union as its opponents are, they would give themselves no concern about our election, but would be intent only upon defending themselves against our armies. As it is, they clearly understand that a very large portion of the Northern "Democracy" is in favor of a recognition of their independence. Hence the prospect, if it may be so called, of the election of McClellan is to them a cause for rejoicing. Armed traitors and honest ignorant simpletons may and will vote with the "Democracy," but no intelligent, true Union man will support Geo. B. McClellan, the *Rebel's Candidate.*

[SPECIAL CORRESPONDENCE OF THE DAILY OREGONIAN.]

SALEM, Friday, Oct. 21, 1864.

HOUSE—IN THE MORNING.

Mr. Cartwright proposed an amendment to the bill relating to the distribution of estates that yesterday passed the House providing that wives shall be heirs of their husbands, in cases where there are no children, which amendment was adopted, and is incorporated in the bill as it passed both houses. This is the first time that the old common law English custom has been incorporated in the statutes of our State, and the measure was adopted after a warm discussion on the question—many members urging the fact that wives are frequently left almost destitute, inheriting only one third of an estate that in many cases they have materially aided to procure. The measure proved popular and had a large majority of the votes of both houses.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them, once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do this? THE "LOST EMIGRANT MINES."—Mr. R. Weeks, of this city, has handed us a private letter from Dr. H. H. Braney, who it will be remembered has been corresponding with us the past season when opportunity afforded, during his explorations for the "Lost Emigrant Mines," about which so much has been said. The Doctor has been unsuccessful. He found the stream the emigrants call "Sandy," and where Mrs. Hamilton and others informed Dr. Braney they had picked up the gold, but he failed to discover any, or even indications of any. The last expedition left Canyon City, with Dr. Braney on the 5th of August, and consisted of 28 men and one Squaw of the Pit River tribe. They proceeded to Goose Lake, crossed a desert of 60 miles twice; prospected the country west of Goose Lake, Lake Albert, Silver Lake, Martin's river, DesChutes river, and several other places where water was to be had, but found no gold, except a little on John Day's river, on the return home. Nine men and the Squaw left the party at Goose Lake to proceed to Fort Crook and [illegible] left at Mountain Springs, reaching Canyon City about a week in advance of the Doctor and the remainder of the party, who arrived on the 4th inst. The company traveled over 890 miles of a region of mountains, sage plains and deserts, and have suffered much privation from heat and thirst. They passed several very favorable localities, but this being an unusually dry season they could not find water to prospect with. The Doctor expresses himself as getting very weary of prospecting, but thinks possibly he may make one more tour next summer; he, however, until he has secured a good interest in the mines of John Day's river region. We hope he may yet succeed in striking something pretty rich that will repay him for his energy in prosecuting the searches for mineral deposits which, if he will find more of, would result to the benefit of the whole country. To the "prospector" we are indebted for our present wealth, although but few, comparatively, imagine to what great extent.

THE OTHER SIDE OF THE STORY.—A few days since we alluded to a transaction occurring on Front street in this city, in which a farmer was trying to "get even" with one of our mercantile firms, stating that he had been "salted," having had goods of an inferior quality sent to his home, instead of the regular purchases he had made at the store. We did not give the names of the parties, as we did not wish to impute anything on the good name of the firm, but merely alluded to the matter as a transaction a little out of the ordinary way of doing business. Now, we again recur to the subject, at the solicitation of the firm: Messrs. Simon, Holmes & Company, and give "the other side of the story," in plain facts, which throws a different light on the matter entirely. The purchaser of the goods, according to Mr. Holmes, felt a little sore over the rise in wool, which had taken place after they had bought his lot, and shipped it to San Francisco, some months previous, and wanted the merchants to "divide" with him the profits they had made on the wool, which, of course, they very sensibly refused to do, hence his great anxiety to "get even" with the firm. His plea of having taken home with him goods of an inferior quality, was very promptly answered by the firm; that if he would return the goods he should have his money back. Our informant was second-handed, but probably agreed with the story of the farmer, yet we were at fault [illegible] in not making more direct inquiry at the time. In justice to Messrs. Simon, Holmes & Co. we make this statement cheerfully.

RE-OPENING OF THE PIONEER.—The "Old Pioneer" corner of Front and Washington streets in this city, which has experienced so many mutations of fortune within a few months past, has at last turned into a grand amphitheatre, if we may so term it, and not misapply the sense, and will open to-day under the management of Mr. Vreier, in a new, and it must be, quite popular feature for the city, being in accordance with the European system of paying for what is ordered, making a dinner cost ten cents or ten dollars, just as you like, and have the means to pay for. The building has been made over, in the interior, so much that it would be now hardly recognized by its most favorite patrons of former days. It has been enlarged, remodeled, fitted up with elegance, and is altogether admirably adapted for the accommodation of a full run. The dining hall is the largest in the State. The sitting room quite an attachment. The old office with few changes, remains as it was.

MILITARY AFFAIRS.—By reference to our legislative reports it will be seen that the Assembly have made very liberal provision to encourage enlistments, by offering $150 00 bounty to each person enlisting under the call of Major General McDowell. The special message of the Governor on the subject will also be found in another column. The [illegible] of one thousand men, should be forthcoming immediately under such ample arrangement. These troops are necessary for our own defense, and will be employed upon the borders of our own State, and in the adjoining Territories.

DRAMATIC READINGS.—We are requested to announce that Miss Lisle Lester, of the *Pacific Monthly* will soon leave San Francisco for a tour through Oregon, for the purpose of giving Dramatic Readings and Literary entertainments. As a public Dramatic Reader Miss Lester never fails to please the cultivated mind, and her success in California is too well known to need commendation from the press. The time of her appearance will be announced definitely on her arrival at Portland, together with a programme of exercises.

EMBROIDERY AT RAFFLE.—The raffle for the premium work and embroidery, done on the Grover & Baker machines, was to have come off on Saturday evening last, but it was postponed. The list is not yet filled up, and there will be an opportunity to obtain chances, by calling at the Agency to-day, when the raffle will come off, when the list is full. The work is absolutely the nicest kind, and when seen commends itself.

BOARD OF DELEGATES.—An adjourned meeting of the Board of Delegates of the Portland Fire Department, is to assemble at the Council Chamber this evening. Their business will occupy almost the entire evening, and we are somewhat non-plussed at the effect, as a meeting of an entire different character is called to meet at the same place.

A FOOT RACE PENDING.—Mr. Jos. Buchtel and R. Lewis will run a match of 100 yards, on the 8th of November, on the east side of the river, opposite this city. It will be remembered that the former was beaten by the latter in a contest some weeks since. The present match is for $300 a side, and Lewis is to give ten feet at the outcome.

AWFUL BLACK.—"A darkie, hunting for a black cat, with a dark eye, of a dark night," would be a light subject, in comparison with last night. The streets could scarcely be found, it was so dark, and then the weather; the rain somehow somewhat made things disagreeable for a Sunday night.

FIFTEEN YEARS.—The trial of George B. Porter, at Vancouver on a change of venue, for the murder of Mr. Englander at Walla Walla recently, was brought to a close on Saturday night. The jury returned a verdict of murder in the second degree, and he was sentenced to 15 years imprisonment.

SWEET CIDER.—Mr. G. W. Walling has left at our office a sample of sweet cider, which all hands have tasted and pronounced *skookum*. Walling has the name of raising the biggest watermelons, the richest pears, and making the sweetest cider in the country. Our boys set him down A No. 1 Farmer.

"JUDICE."—Agnes is informed that we are not in the practice of paying attention to anonymous correspondence, but the nature of her letter is of a very serious character, and we may refer to its contents and information in time.

REPORT OF THE COMMITTEE.—The advertisement in another column announces that the committee appointed by the subscribers to the fund for clearing out the obstructions in the Willamette river, will make a report this evening.

SERIOUS ACCIDENT.—Mr. Jeffrey, of Marion county, with his family, while returning from Polk county on Thursday afternoon, Oct 20th, and when near the Ferry the horses became unmanageable, and running, brought the wagon in contact with a stump, throwing out Mr. and Mrs. Jeffrey, breaking Mrs. Jeffrey's arm, and somewhat injuring Mr. J. The children left in the wagon escaped without injury.—*Daily Statesman.*

ACCIDENT.—On Tuesday morning, [illegible] Mr. Manning of this place, was hauling a load of wood when the wagon overturned catching him underneath. The wood, [illegible] the horses did not run, so that the driver escaped with no bones broken, but was severely bruised. The accident happened in the outskirts of the city, and it was some ten minutes before assistance came to his aid, during which time he lay helpless beneath the load.—*Eugene City [illegible].*

Attention Washington Artillery.—Meeting this Monday evening at 7 o'clock, for the election of officers.

Le Doyen's Sarsaparilla, Yellow Dock AND IODINE ALTERATIVE is the only remedy for invigorating a debilitated and broken down constitution. Persons of a scrofulous habit, suffering from impure blood, nervous trembling, impaired digestion, liver disease, lost vitality, should give this great blood purifier a trial. All rheumatic diseases, constitutional complaints and organic affections are radically cured by a steady use of this medicine.

Dr. Hostetter's Stomach Bitters.—The stomach is the fountain head of scores of diseases which infest the human system. Indigestion, bad enough *per se*, generates diarrhea, dysentery, faintness, vertigo, palpitation of the heart, general debility, &c. Get rid of it, then, at once, by going through a course of Dr HOSTETTER'S STOMACH BITTERS, A palatable and refreshing preparation, which as surely relieves all complaints of the stomach and its dependencies, as the sunshine melts the snow. A course of the medicine may not perhaps be necessary. One bottle frequently accomplishes a complete cure.—Sold by all Druggists and dealers everywhere. oc13daw

The first effect of a bilious climate upon the human system is to produce torpor and inactivity of the Liver, thereby preventing the natural and free discharge of bile. All know the lurking nature of the *poison* that produces Fever and Ague and its kindred diseases. A sallow complexion, capricious appetite, and occasional pain in the side, are often the only symptoms to warn of impending danger. The operation of Dr. Osgood's India Cholagogue is to counteract this miasmal influence, by producing activity of the biliary organs, and a healthy discharge of bile from the system.
Guard against imitation. Be sure that you obtain Dr. *Osgood's India Cholagogue* and you are safe. Sold everywhere. Sole Agents for the Pacific Coast:

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "slight cold" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. *"Brown's Bronchial Troches"* give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*
REDINGTON & CO., San Francisco, Agents for the Pacific Coast.

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

A Greenback Case.
HAVING been compelled to accept of Legal Tender Notes at par since the 18th day of December, 1862, for the rent of my brick Store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public at large, that
Jacob Mayer
leased the building of me on the 7th day of February, 1862, for a term of years, at which time there was no such currency in vogue, and it was understood the terms were CASH. Since the above stated I have received, the depreciated currency regularly under protest for the rent of the
CITY OF PARIS STORE,
Making less than two-fifths of the real amount said Mayer was to pay. He had secured the building at very advantageous rates and I was at a loss to comply with his contract, and pay nominal rates. [illegible] getting the best bargain in the city. I make this statement to show the public what kind of a man he is, and to take advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants. G. W. VAUGHN.

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and corroborative. It regulates, recruits and fortifies them. Dyspepsia in all its forms yields to its mild and invigorating properties.

Invigorate the System.

Wholesome digestion, pure bile produce nutricious blood, and pure rich blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters.

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the gastric juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some invigorating preparation which recruits the strength and spirits, without entailing the exhaustion which is always the usual effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

Special Message.

Continuation of the Governor's Message [illegible]

In [illegible] of [illegible] a few months. [illegible] Alvord [illegible]

[illegible] necessary [illegible] Oregon [illegible] which [illegible] in that part of [illegible] of the Cascade mountains [illegible] thousand [illegible] protecting that [illegible] been found that [illegible] in spite of its [illegible] [illegible] their [illegible]

No [illegible] necessity [illegible] who [illegible] of the Government.

Hence [illegible] from this State.

I have this day been called upon by Major General Irwin McDowell, commanding [illegible] of the Pacific, [illegible] under authority of the War Department, for a regiment of Infantry [illegible] the service for three years, unless sooner discharged. This call [illegible] will be [illegible] Suppose the [illegible] be raised in this State [illegible] draft [illegible] when enough volunteers [illegible] is one [illegible] sort. [illegible] small pay received by soldiers [illegible] are for the benefit of [illegible] ture [illegible] I think we ought to give volunteers a liberal bounty [illegible] way. Suppose the [illegible] dians and highwaymen [illegible] of the Cascade mountains, the property holders will be [illegible] Suppose those who are in favor of a Pacific Republic or desire to unite the fortunes of the Pacific coast with the Southern Confederacy, should, for want of troops, [illegible] and inaugurate civil strife, the taxpayers will be the last and among the greatest losers.

Gen. Alvord in his letter before referred to says, "I feel that it is very important for the public service, as I have continually represented to you for a long time, that the Legislature of Oregon should pass a law giving bounty to volunteers. Every State has passed such laws."

Some States give bounties and additional pay. I therefore urgently recommend that a law be passed, giving bounties to such volunteers as have been or may hereafter be called for. That one-third thereof be paid at the time of enlistment, one-third in eighteen months, and the balance at the end of three years.

That to provide a fund for that purpose, I recommend that State bonds be prepared, payable at some future time —say, ten years—with semi-annual interest. That the State Treasurer be authorized to dispose of the same under proper rules and restrictions. To bring these bonds within the reach of volunteers, who may wish to receive bonds instead of money, so as to secure the interest, and have good security, some of them ought to be issued of a low denomination, as fifty dollars, with coupons attached. A tax of one-half mill on the dollar will, in a few years, redeem these bonds.

The debt thus created, and interest, will be due to our own citizens, and, with the increase of population and wealth of our State, its payment by degrees within ten years cannot be injuriously felt.

I respectfully call your attention to the Senate bill now before your honorable body, which proposes some important amendments to the militia law of this State, and recommend its passage.

Under the present agitated condition of our country, we ought not to relax our efforts to increase the force and efficiency of the State militia. Already it is a credit to the State, and a "terror to evil doers" in sympathy with the wicked rebellion. A little money spent by way of prevention may save thousands of valuable lives and hundreds of thousands in property.

I have communications from Generals McDowell and Alvord, in which they express a strong desire to have our militia organization kept up and made as efficient as possible.

CONSTITUTION.

Cleanse the Blood.

WHEN the [illegible] of vitiated blood you [illegible] in perfect health [illegible] merely [illegible] But [illegible] Sarsaparilla [illegible] Blood, [illegible] Erysipelas, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, [illegible] Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases.

BLOOD AND LIVER.

This valuable medicine is now available to the public for the cure of

SCROFULA, CONSUMPTION, RHEUMATISM, CANCER,

HEART, LIVER AND KIDNEY DISEASES,

NEURALGIA, NERVOUS AFFECTIONS, DYSPEPSIA,

BRONCHITIS, &c.

AS A TONIC,

Its operations are evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility, an increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Are you sick, feeble and complaining? Are you out of order, with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Dr. Doyen's Sarsaparilla, and cleanse out the disordered system—purify the blood, and let the fluids move on unobstructed in health again.

AS A LITHONTRIPTIC,

It has no equal; being chemically combined with Iodine, it possesses in a high degree the power of dissolving Stone in the Bladder, and affections of the Kidneys, preventing gravel formations and enlargements of the prostrate gland, irritation of the neck of the bladder, urgency, etc.

Sole Agency of Dr. Doyen's Sarsaparilla for the Pacific Coast.
